OPERATION SUMMARY & BUSINESS GOAL

JS- Shopper is a registered private company in Nigeria. Its daily activities are supervised by G.C. Uteh who is the operation manager. JS-Shopper is a marketing and sales company with its internal engineers and strategists solving the daily challenges of businesses and individuals.

The solution JS-Shopper provides cut across businesses and individual entitles. We directly provide solutions to the challenges of business and individuals through the innovative and strategic skills of the company engineers/ man-powers or we source reliable partners who have the required solutions to the pending challenges for our clients.

We bring confident and reliability to the market place by ensuring that the required services and products are provided timely without fear of being scam. In other word, JS-Shopper is the watchman of the industry.

Js-shopper believes in collaboration among market actors than been in competition. We explore the principle of comparative advantage by accepting the fact that despite our capacity to provide certain solutions; it will be cost effective for our clients by outsourcing it to another collaborator with integrity and more advantage in that area. In such instance, we arbitrate for our customers to ensure they get the required services at good time, best price and great result. No surprises. We are not jack of all trades,

but we help our clients to also enjoy services we don't directly provide at great price.

Our goal is not just making businesses easier for business owners or making life better for individuals but we ensure that every of our customers/clients benefits financially through our robust marketing system.

Js-shopper creates a reward system for every of its customer/clients who buys from us or sells through us. Most importantly, this reward system is created to encourage our loyal customers/clients. Ask for more details from our representatives.

BUSINESS OBJECTS:

There are few objects but great areas of interest to Js-shopper. These objects are dynamics and changes with the prevailing challenges in business place and in the daily living lives of individuals.

Presently, business faces challenges of reliable power supply. Hence JS-Shopper provides reliable power supply through solar energy. Solar powered accessories and other alternative means which brings timely result at affordable prices. The problem of dependable power supply can never be over emphasis since the live-time of every business rely on power. Js-shopper is directly providing innovation, technology to provide quality and dependable solar solutions.

Secondly, the insecurity state of things in our present-day society and in business places. JS-shopper directly provides accessible and affordable CCTV and Security Camera. We design, install and maintain CCTV and Security Cameras. We have helped many businesses to club theft among workers, also increased productivity since they are aware that supervisor do not have to be with them to know what is happening on site/ offices. Individuals has also enjoyed our security cameras because they could monitor their homes always from home through our cutting-edge solutions with security cameras as CCTV.

Thirdly, every operating business requires government compliances in their industry sector. These compliance among others include, company CAC registration (Business name BN, Registered company RC, or Incorporated Trustee IT such as NGOs), FIRS (TIN and Tax update), post registration with CAC which include Annual returns, correction of mistakes in registrations, Changing companies objectives and companies address. Also is SCUML registration through EFCC, export and investment Registration, Oil and Gas permit, etc. Our involvement in compliance registrations is because most times, businesses (New/Old) does not know how to go about it or does not have the required time to process them; therefore we use our expertise and Social influence to facility and perfect registrations for our clients within reasonable time frame. Js-shopper directly takes up the task to assist every business who requires these services to effortless acquire all necessary permits and compliances.

In addition to business permits support (compliances), Js-shopper provides web design (website) services to businesses. Because the world has become global village by invention of internet, any multinational company must have a website where people and other partners can view their company profiles without leaving their space. The solution of website makes it possible for the companies and individuals to achieve this. Js-shopper is a bridge helping organisations to gain online presence through its web design services. Js-shopper takes up web designs such as company website, crypto-trading/ currency trading website, Ecommerce websites, church websites, school websites; the list are inexhaustible. Most importantly, Js-shopper will help you have your customised email such as admin@yourcompany.com

Our pre-order service is the more general activities we have involved where we help businesses and individuals to source products and purchase them at manufactures prices hence buying the products at the best ever price you can find it. You can join our pre-order group today by asking our representatives. Through the group you will see available products or service we are about to buy, you will also be able to submit any product you will want us to buy.

SHAREHOLDERS:

Shareholders of a company are entities (individual or businesses) who invest their capital with the said company. The shareholders of JS-Shopper and Marketers Nigeria Limited are the wire-line of our business operations. They share from the profit of the company at the end of the business year. Js-shopper created a fantastic reward system for all shareholders. Shareholders are highly rewarded. To be a shareholder, you are expected to fill the required forms and make payment of the shareholder fee. Please contact our office for the prevailing terms and condition of the company as at today.

COMMUNITY PARTNERS:

They include every company (business) or individual who now buy from us or sell through us. JS-shopper is in business because of them. It is our culture to respect and honour them. A shareholder can as well be a community partner if he/she also buys or sell from us. Our community partners are rewarded for every of their purchases through us. Our rewards include raffle draw, reduced product/services price, free gifts, or CRS points.

CRS:

By law, every company must give back to its community. Now is not compulsory but the government tactically encourages it by reducing the tax for participating companies. Js-shopper also gives back to its community. We do this through our reward system (CRS Point). Every purchase made by our community partners are awarded with CRS Point and when it accumulates to the target point (20), the partner will be awarded a PIN that he/she will use to activate its account in our CRS website.

Every intending community partner are expected to register first at our CRS website, this is free (No charge). It only requires that a member of the community must introduce you. This member will give you its SPONSOR ID, thereafter you will be able to do your registration successfully. When you are in doubt or confuse please reach out to our support team through our website at www.jsshopper.com

In the spirit of giving back to our community, JS-shopper will award you with executive car, cash business support of over ₦10,000.000.00 (Ten Million Naira) only and subsidized abroad trip.

For a proper guide about CRS, please access our exclusive document on how our CRS works.
